Water Tank Maintenance

The Town of Yorktown owns 3 water tanks (Lions Club, River Rd and Park 1) and to ensure proper/sanitary storage of potable water we have them inspected yearly and maintained over a 10 year contract. We have not had the Park 1 tank inspected since the purchase of the water system in 2012.

Leary has been doing the maintenance for the last 10 years and has provided pricing for services going forward keeping the same terms: annual inspection, one painting of each tower and multiple cleanings both inside and out will happen over the next 10 year period.

I would recommend approving the contract with Leary Construction Company for all 3 tanks.
