Trail Right of Way Acquisition

The basic layout of the trail from Morrison Rd to Nebo and historical documents check has been completed and we are ready to move forward with the next step of this process.

The next step is approaching the various land owners and acquiring land for the trail right of way. We are looking to schedule a public hearing in the early part of May at the Yorktown High School Library with the owners of the property. Once that step is complete BF&S will begin negotiations with the property owners.

As with the rest of this project, it is an 80/20 federal/local match. The MPO has dedicated additional CMAQ funds to the project, which means that the entire project will have the 80% federal funds.

I would recommend that we enter into agreement with BF&S for the Right of Way agreement.
