Computer Purchase for Marshal's Dept.

With the purchase of the new trucks and the new camera's the Marshal's dept needs to purchase new computers and computer stands for the vehicles. After reviewing the dept computers, I am recommending that we also start to replace the previous computers as they are beginning to hit their end-of-life cycles. The department obtained a quote for 5 new computers and new computer stands for the 3 new vehicles. Next year the department will need to purchase 5 new computers to out fit the rest of the cars. The computer quote obtained syncs the computer and camera manufacture together to help provide integration inside the vehicle.
