Internship

We've been approached by Matthew Grasso about an internship this semester (approx. 12 hours per week for 18 weeks) as he is finalizing his degree in Political Science at Ball State University. He will be performing various tasks in the Planning and Zoning Office, Town Managers Office, Utility Office, Clerk Treasurers Office and I will make it a point to also have him spend some time in the field with the water and sewer depts so that he can achieve a well-rounded education in municipal government. The position is paid and I will communicate with his professor regarding the performance of his duties.

Pete Olson
Town Manager
