Ingress/Egress Easement

The Town needs to obtain from Mr. Quackenbush an Ingress/Egress easement to access the sanitary sewer along the north side of the White River. I'm not sure why the easement wasn't dedicated back in the development during the 70's but as we were doing some research to bring in testing and video trucks to look at that section of main, we discovered that the easement didn't exist. The plan is to video and smoke test this particular section and review for possible inflow and infiltration.

The cost of the easement is \$2,500 and I would recommend payment
