Bike Pedestrian Facility Exploration

After programming 2014 the trail from Morrison Rd to Nebo Rd along River Rd, the discussion turned to connecting to new trails and sidewalks that were put in along SR 32. I asked the MPO at the time to put a project in the Transportation Improvement Plan (TIP) that would provide an opportunity for sidewalks/trail/bike lanes (some combination) along Nebo from SR 32 to River Rd. That project was placed in the TIP in 2014 for preliminary engineering in Federal Fiscal Year of 2017 (which started July 1st). INDOT has asked that we sign the LPA agreement and begin the RFP process for selecting an engineer for this project.

Attached is the LPA-INDOT agreement and I am working with Marta Moody to develop the RFP and will send to INDOT for publishing in the following month. I would recommend entering into agreement with INDOT.
