January 3, 2017

To: George Kane  
Town of Yorktown WWTP

Ref: Evergreen West

George,

Here is the quote that you have requested to replace the existing control panel and the rotary phase converter at the Evergreen West lift station. Included in the scope of this quote is; removing the existing equipment, installing a new control panel, mounted on an aluminum control panel stand facing away from wet-well. Not included is, core drilling, or any concrete work, bypass pumping, or pumper truck.

(1) Stainless steel NEMA 4X control panel with 3-point latch

Painted steel back panel and aluminum inner door

Motor and control circuit breakers

Square D VFD's for phase conversion

Hand-Off-Auto selector switches

Run Lights

Seal fail lights and relays

Heat sensor lights and relays

Required control relays

Terminal strip and ground lugs

UL listed and labeled 508A

Alternator with override switch

Elapsed time meters

Wired for FogRod

Alarm light and horn with silence circuitry

Panel Heater

Lightning arrester

NEMA 4X Fan and vent

Dry Contacts for telemetry

FogRod 5' w 50' cable

(1) Remove existing OmniSite and mount it on new panel stand

(1) Project Labor

Project Total..... **\$13,390.00**

Prices are firm through quoted delivery based on order being placed with us within thirty (30) days of quotation date. Delivery would be approximately 4-6 weeks from receipt of order. Price is net delivered to the jobsite with freight allowed. Terms are net thirty (30) days. Price

does not include any sales and or use tax. Price does not include any labor, excavation, electrical work; this quote is for equipment only, unless otherwise specified within this quotation.

Thank you for the opportunity of submitting this proposal. Should you wish for us to proceed, please sign the enclosed acceptance copy and return it to our office. If you have any questions or if we can be of any further assistance, please contact me.

Sincerely,

Grant Kissel  
Sales Engineer
