YORKTOWN TOWN COUNCIL

Tuesday, February 19, 2013 @ 5:30 P.M. Meeting

Pledge of Allegiance

Roll Call. **Present:** Bob Flanagan, Dan Flanagan, Rick Glaub, Laura Vise, Rich Lee and Bob Ratchford. **Absent:** Lon Fox

Approve Meeting Minutes for January 22, 2013: **Motion to Approve:** Rick Glaub, **Seconded:** Rich Lee. All councilmen present voted in favor.

Approve Claims for February totaling \$594,368.19: **Motion to Approve:** Rick Glaub, **Seconded:** Bob Flanagan. All councilmen present voted in favor.

New Business:

Brownfields Grant:

Presentation by Brad Bookout and Mike Medock about a Brownfields Grant Partnership between Yorktown, Muncie, and Delaware County. Money can be used for Phase 1 or Phase 2 environmental studies.

Downtown Flower Pots:

Pete Olson presented a proposal from Clean Cut to plant and maintain the Downtown flower pots for 2013. Clean Cut finished out 2012 and would like to continue. The cost will be \$3110.00. **Motion to Approve**: Laura Vise **Seconded:** Rick Glaub. All council members voted in favor.

Outstanding Checks:

Beth Neff presented a list of Town checks which have never cleared that total \$362.69. She would like to take them off the books. **Motion to Approve**: Laura Vise. **Seconded:** Dan Flanagan. All council members voted in favor.

Water/Wastewater Write-Offs:

Pete presented a list of 3 properties that need the utilities to be written off as uncollectable that total \$4,105.31. **Motion to Approve:** Rich Lee. **Seconded:** Laura Vise. All council members voted in favor.

Special Claim:

Pete presented a claim for reimbursement to Tim Caldwell of \$79.00 for gasoline purchase. **Motion to Approve**: Dan Flanagan. **Seconded:** Laura Vise. All council members voted in favor.

Park Board:

Park Board President Bob Drummond explained that the Yorktown Disc Golf Club would like to expand the course into the newly donated land at 8700 Adeline. The Park

Board approved the request and would like to get council approval. They also gave permission to a group of residents to solicit sponsorships for a new dog park.

Public Comments:

John Mogush: Suggested open discussion and would like the Town's website to be interactive and to post issues so residents can reply to agenda issues. He also stated that 600W is a dangerous road and he would like the placement of the trail on the west side.

Bruce Woloski: Would like to see more use of the speed sign board purchased for the police department.

Rick Yencer: Commented on the \$3000 approved for flower pots. Store fronts are empty and he would like to see economic development money used for that.

Pat Smith: It is the responsibility of residents to keep in touch. The Council doesn't allow enough time for residents to speak.

Sharon Cheslick: Agrees about the trail placement and would rather see it go through Westbrook. She would like large vehicles removed from neighborhoods. Bob Ratchford stated that he hates to hinder people from making a living by not allowing them to park their vehicles in neighborhoods. Laura Vise added that it is a matter of where do you draw the line. Perhaps you can start a neighborhood association. There is nothing the Town can do without upsetting someone.

Doris Humbert: She presented photos of the property that has been damaged by the concrete barriers. Pete Olson responded that the meeting with Flatland Resources is on Thursday and IDEM will decide what is to be done.

Mike Blanch: Comments should be addressed by a council member. Bob Ratchford stated that he ensure discussions remain civil.

Comments from Town Council:

Laura <u>Vise</u>: <u>Would like Pete</u>'s response to John Mogush's open letter published in the Star Press to be published as well. She added that there are some vacant buildings in the Town that are owned by people who do not want to sell their properties.

Special Town Council Meeting: March 6, 2013, at 5:30 PM, @ Town Hall.

Next regularly scheduled Council Meeting: March 18, 2013, at 5:30 PM, @ Yorktown Court.

Did I let you know the full color message center would add \$3000 to the price of the sign? To make white like the BSU signs you have to run red, green, and blue.

Invoice Cloud

As part of the update to the new website the goal was to integrate online payment opportunities for our utility customers. We have been searching for a vendor to make this practice efficient and legal with our requirements and I am recommending the use of Invoice Cloud for their services. Users will be sent to their website and able to have copies of their bills provided online and make payments. There will be additional fees associated to a customer's bill for utilizing online payment and next month we will have an updated ordinance for those fees in front of the council.

I am recommending that a motion be made to move forward with the agreement with Invoice Cloud.

Electronic Invoice Presentment and Payment Proposal for Yorktown IN

December 13, 2012

Needs Assessment:

- Yorktown would like to provide a cost effective, feature rich and user friendly electronic invoice presentment and online payment service for The Town of Lowell bills.
- Yorktown uses Boyce billing software product for billing. We have completed an integration between the platforms enabling synchronization of data and up-to-date information for the payer
- Yorktown would like to accept electronic payments from payers with online credit cards including Visa, MasterCard, and Discover or electronic checks.
- Yorktown is interested in saving money by suppressing paper invoices (payer opt-in) for bills when possible.

Invoice Cloud proposes the following:

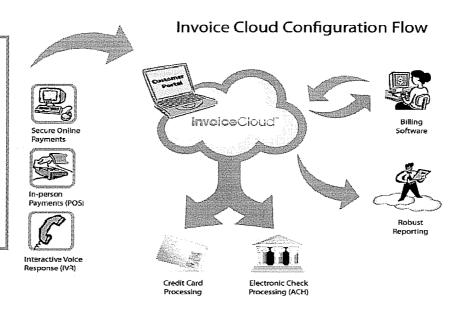

- Online presentment and payment service as outlined below:
 - Invoice Cloud service is a cloud (software as a service) application, which houses the sensitive payment (ACH and credit card) information off site.
 - Electronic Bills Offer online presentment and payment with ACH and credit cards (Visa MasterCard, and Discover). A tailored, automated process will be implemented to upload electronic invoices so the customers can view actual invoices and pay online (via email notification or a view invoices /pay now button on The Yorktown website). The payment information will be input into the billing system. Payment data from the system will be uploaded daily into Invoice Cloud so the online invoice will be up-to-date when a payer accesses the online bill.
- Payers will be able to view/pay bills online through The Town of Lowell website or an email notification.
- Yorktown may be interested in the Online Bank Direct Program capability. This option registers
 Yorktown with the online banking networks enabling electronic deposits of online banking site
 transactions made by customers. Payment files that look like lockbox files are transmitted after

matching electronic transactions from online banking payers to those payers' exact matched invoices. These payment files will update the billing system. This will greatly reduce the requirement to manually input remittance information into your software for paper checks sent by the banks for the transactions the customers paid via the online bill pay system.

• We will work with you and your print and mail provider to create a mutually acceptable marketing campaign through the current use of paper billing and correspondence.

ntegrated Process:
ntegration makes billing,
collection and update
process easy — no bank
rips, no printing and no
postage. Payment
nformation is continuously
exchanged to synchronize
accounting software with
nvoice Cloud.

- ✓ Web Based, No Downloads, No Software
- ✓ No Up-Front Fees, Pay As You Go.
- ✓ Flexible Electronic Invoice Presentment
- ✓ Customizable/Branded Portal
- ✓ Electronic Payments
 - o EFT (ACH) and Credit Cards
 - o Check Conversion
 - o Recurring and Scheduled Payments
 - o Self-Service or Merchant Initiated
- ✓ PCI (Payment Card Industry) Compliant Systems
- ✓ Invoice Submission Options
 - Via Web Services
 - Manual Upload to Biller Portal
- ✓ Customer Request Capability

- ✓ Email Management Eighteen Customizable Notifications
 - o Including: open invoice (up to 3), payment receipts, credit card expiration, autopay notifications
- ✓ Reporting
 - Payment, Invoice, and Customer Data
 - o Paperless
- ✓ Web access
 - o Historical Payment and Invoice Data
 - o Customer Data
- ✓ Capability to Download Data Files
 - o Payments (ACH and Credit Card)
 - o Rejects (ACH)
 - Changes (Customer changes)
- ✓ Customer Portal
 - Customer Access to Invoice, Payment Data
 - o Biller Access to Customer Data for Support

To summarize the main benefits, Invoice Cloud will:

Streamline the invoice presentment and payment processes

٥	Provide	e an easy to use 24/7 customer portal that looks like Yorktown website
	0	Customers can review invoice and payment history, make payments online etc. while decreasing your customer service cost and burden
	0	Complete flexibility on look, feel and content of the invoice including watermarks, OCR scan
		lines and much more
	0	Customer request and response capability is included at no additional cost
	0	Accept payments over the phone, provide credits when needed, immediately email bills to
		customers that call in saying they did not receive a bill and walk payers through the new
		online processes
	0	Easy to use phone payment capability
<u>م</u>	Improv	e cash flow through e-payments, scheduled payments, partial payments and auto-pay
٦	Offer lo	w processing rates on credit card and ACH transactions for your payers
	0	Accept all major credit cards as well as electronic checks
\bigcirc	Offer o	nline payment after the due date (optional)
	0	Late fees updated as often as you desire through software integration
2	The Inv	oice Cloud service and billing system will be synchronized with all payment and billing data,
	so whe	n a customer views an invoice it will reflect updated payment and billing data
\bigcirc	Custom	izable automated email notifications sent out at biller's direction
	0	First, second and third reminders to pay open invoice
	0	Credit card expiration warnings, late payment notifications, payment receipts, etc.
	0	Color, fonts, style, size, and Spell Check
	0	Monthly Newsletters and reports can be made available
	0	Cross marketing of services and announcements through email
<u></u>	Yorktov	vn and/or payers can print PDF copy of invoice on-demand
	0	Payers can view their invoices online while paying their bill or simply print the invoice
\Box		n months of invoice and payment history is available to each payer starting from the time
_		vice is live.
		is housed off-site - not at your location, so we are responsible for data security
		canner processes payments and updates the billing system (optional item)
الله		vn saves money when paper bills are suppressed
	0	Promotion tools boost online payment participation

3/13/2013

Supplemental Agreement No 1

Due to the existing gas main that runs along the north side of River Rd, the routing of the trail from Morrison to Nebo needs to be on the south side of the road. BF&S has changed their scope of services with some additions and deletions due to the new layout and we need to approve these. In addition we need to make the commitment to move forward with project or shelve the project. I believe that this is still a viable project that needs to be done to help connect our community to the White River Trail and ultimately the Cardinal Greenway, while providing a safe passageway for individuals not traveling by motor vehicle. The new costs will be covered at 80/20 federal to local money.

I would recommend approving the new scope and moving forward with the trail.

SUPPLEMENTAL AGREEMENT NO. 1

THIS SUPPLEMENTAL AGREEMENT, made and entered into this	$_{_}$ day of
, 2013, by and between TOWN OF YORKTOWN, INDIANA,	acting by
and through its proper officials, hereinafter referred to as the "LOCAL PUBLIC AGE	NCY" and
BUTLER, FAIRMAN AND SEUFERT, INC., hereinafter referred to as the "CONSULTA	ANT "

WITNESSETH

WHEREAS, on June 28, 2010, the LOCAL PUBLIC AGENCY entered into an Agreement with the CONSULTANT for services required for development of Contract Plans for the improvement of the Phase 1 of the River Road Trail; Project No. 0900596; Designation No. 0900596 (hereinafter referred to as the "Original Agreement"), and

WHEREAS, it has been determined by the LOCAL PUBLIC AGENCY and the CONSULTANT that the following amendments and additions to the Original Agreement are required in order to complete the project:

- 1. Additional topographic survey to move the trail alignment from the north side of River Road to the south side of River Road starting at approximately station 36+75.
- 2. Revisions to early coordination provided as part of environmental services.
- 3. Design revisions to the trail alignment based upon moving the trail to the south side of River Road starting at station 36+75.
- 4. Geo-technical services for a five foot tall retaining wall needed with the new alignment.
- 5. The number of parcels for Right-of-Way engineering services will be reduced from 40 to 27.

WHEREAS, other additional services requested by the **OWNER** will be provided under the additional services portion of the agreement.

NOW, **THEREFORE**, to initiate the amended and additional design services for the project, the parties agree that the Original Agreement be further modified by this Supplemental Agreement No. 1; therefore, the total lump sum compensation for this work shall be increased by \$19,220.00.65, from \$276,660.00 to \$295,880.65.

IN TESTIMONY WHEREOF, the parties hereto have made and executed this **SUPPLEMENTAL AGREEMENT**.

Dedication of Streets in TK Towne

Mark Thurston is requesting that we accept the Streets in TK Towne. They have been constructed to agreed upon specifications between previous zoning committees, councils and TK Constructors. I would recommend accepting the streets.

Prior to next winter I will be recommending that we enter into a long term agreement with TK for snow Maintenance at TK Towne, he has offered to continue to provide that service for a nominal fee. This will help in our plowing and by keeping the larger trucks out of the cul-de-sacs at TK Towne.

www.tkconstructors.com

To: Town of Yorktown Attention Pete Olson

RE: Completion of streets in TK Towne

Mr. Olson,

Please be advised that the streets in TK Towne, former model center of TK Constructors, also known as The Center at Chase Trail are complete and ready for acceptance by the town of Yorktown. If you have any questions or if I can help in any way please feel free to contact me. Thank you for your assistance.

Sincerely

Mark Thurston, President

Slurry Seal

Tim Caldwell has obtained a quote to slurry seal Broadway and Cornbread Road. Slurry is a cost effective treatment for taking care of roads that should they not receive treatment in a few years will need repaved. It extends the life of the current pavement and therefore is more effective than just repaving.

In addition we have obtained quotes for crack sealing various streets to help prevent water from entering and causing havoc during the freeze/thaw cycle. This will be the 6^{th} year we have been utilizing these products and this is benefiting our community by allowing us to extend the life of our streets.

March 13, 2013

Mr. Pete Olson
Town of Yorktown
P.O. Box 518
Yorktown, IN 47396

Mr. Olson,

We are pleased to submit this quote for approximately 8,180 square yards (multiple course) of Modified Asphalt Emulsion Micro-surface as per INDOT specifications. Our price includes all labor, materials, equipment, and traffic control to complete the project.

Streets to be surfaced:

Multiple Course:	M	ult	ipl	e C	ou	rse:
------------------	---	-----	-----	-----	----	------

1. Broadway -

SR 32 ROW to RR tracks

5,335sy

2. Cornbread -

Broadway to Bridge

2,845sy

Our price is per square yard:

Multiple Course = \$3.85/sy

8,180sy @ \$3.85/sy = \$31,493.00

(Thirty one thousand four hundred ninety three and 00/100 dollars)

Please sign and date your acceptance below and return to the address shown or you may fax to 765-533-2720.

We want to thank you for the opportunity to submit this quote and we look forward to working with you during this construction season. If you should have any questions please feel free to call me at 765-635-4796.

3/13/2013

Animal Control Interlocal Agreement

The Town currently holds animals that have been caught for five days and in that time we try and find the owner. After 5 days we are then able to place the dog/cat in a shelter and make it available to adopt. Due to a need to make sure that the animal is checked out by a vet and healthy prior to placing the dog I contacted the Muncie Shelter to work out a deal where they would handle the administration of the program. They have already passed the interlocal and I would recommend that we do the same.

INTERLOCAL AGREEMENT

This Interlocal Agreement (hereinafter referred to as "Agreement") is entered into by and between the Town of Yorktown, Indiana ("Yorktown"), an Indiana political subdivision and the City of Muncie, Indiana ("Muncie"), an Indiana political subdivision this _____ day of February, 2013.

WHEREAS, Muncie has previously operated its own Animal Shelter; and

WHEREAS, the Town of Yorktown has previously operated its own Animal Shelter and has need of additional services that the Town of Yorktown has been unable to provide and has contracted with the City for animal control services in the past; and

WHEREAS, in an effort to conserve resources, and combine services, Yorktown and Muncie have agreed to execute an interlocal agreement pursuant to Ind. Code sec 36-1-7, et.seq., clearly setting forth the rights and obligations of each with respect to the provision of services by Muncie to Yorktown regarding animal care and services; and

NOW, THEREFORE, it is agreed by the Town of Yorktown and the City of Muncie as follows:

- 1. <u>Purpose</u>: The purpose of this Agreement is to set forth the rights and responsibilities of the parties with respect to Muncie providing services to Yorktown for animal care and services.
- 2. Term: The initial term of this Agreement shall begin on or about July 1, 2012 and shall continue until December 31, 2013. At the end of 2013, the agreement shall be reviewed by the Animal Control Board in order to determine the amount of money billed to the Town of Yorktown, the amount of business generated by the Town of Yorktown that the Animal Care and Services Board incurred, and any other details involved in this agreement. The Agreement shall be reviewed annually by the Mayor of the City, the City Council, the town of Yorktown, and the Town Manager for the Town of Yorktown by and through a report to be prepared by the Superintendent of The Animal Care and Services Department and the Board of the Animal Care and Services. At the end of 2013, the parties may agree to extend the term of this agreement. Either party may terminate this agreement with 30 days notice to the other party.
- 3. <u>Duties</u>: The Animal Care and Services Department of the City of Muncie shall provide services to the Town of Yorktown as follows:
 - A. The Animal Care and Services Department shall pick up animals after the shelter at Yorktown holds the animals for five (5) days. The Town of Yorktown shall pay the sum of Seventy-five Dollars (\$75.00) per dog and Forty-five Dollars (\$45.00) per cat to the City of Muncie Animal Care and Services Department for picking up animals.

- Any owners picking up their animal at the Animal Care and Services Department in Muncie after the five (5) day hold shall pay any charges associated with that hold to the City of Muncie Animal Care and Services Department.
- B. If the shelter in Yorktown is full or at the request of the Yorktown Police Department, the Animal Care and Services Department shall pick up any animals for the Town of Yorktown. The Town of Yorktown shall be charged at a rate of One hundred Dollars (\$100.00) per dog and Sixty-five Dollars (\$65.00) per cat. In addition, any owner reclaiming their animal shall pay any associated fees directly to the City of Muncie Animal Care and Services Department.
- C. In addition, the Animal Care and Services Department shall handle all of Yorktown's animal neglect cases and any other request regarding animals made by the Yorktown Police Department. The Town of Yorktown shall pay the hourly rate of the officers called to Yorktown for such services. Such payments shall be made to the City of Muncie Animal Care and Services Department.
- D. The Animal Care and Services Department will only respond to Yorktown cases if it is contacted by the Yorktown Police Department or by the Yorktown Town Manager.
- E. The Town of Yorktown will be billed on the first Monday of the month for the previous month's services. The Town of Yorktown shall pay said bill in full by the third Monday of the month in which it was billed.
- 4. The validity of this agreement is subject to the approval of the Board of Public Works and Safety of the City of Muncie, the Mayor of the City of Muncie, the Muncie City Council, the Town Board of the Town of Yorktown, and the Town Manager of the Town of Yorktown.
- 5. This Agreement constitutes the entire Agreement between the Parties regarding the provision of animal care services and supersedes any prior oral or written agreement.
- 6. The provisions of this Agreement are severable, and if any one or more provisions may be determined to be illegal or otherwise unenforceable, in whole or in part, the remaining provisions and any partially unenforceable provisions to the extent enforceable shall nevertheless be binding and enforceable.

/.	This Agreement shall be recorded in the Office of the Recorder of Delaware County, Indiana
	within sixty (60) days of its execution and filed with the State Board of Accounts for audit
	purposes.

ADA Interlocal

The Federal Government requires that any municipality that has over 50 employees implement an Americans With Disabilities self-evaluation and transition plan. The Town does not have 50 employees, but if the volunteer fire department employees are added, it may be considered that we do. In addition, it has been suggested by the Federal Highway Department that because we receive funding for roads that we voluntarily start the plan with the self-evaluation.

Delaware County is currently going through this process and I have asked that we be allowed to work with their consultants and be part of the larger plan to which they have agreed. We will receive 80% of the \$13,600 cost from the MPO which means we will be responsible for \$2,730. Our staff will be doing part of the work to keep costs in check.

While this is an unfunded mandate, Yorktown is in good shape as all of our new sidewalks already meet the code. We will be able to focus on older streets and any future building can be done as required.

I recommend passing the Interlocal.

INTERLOCAL AGREEMENT BETWEEN DELAWARE COUNTY AND THE TOWN OF YORKTOWN

This Agreement, entered into this	day of	, 2013, by and	
between Delaware County, hereinafte	er referred to as the County	y, and the Town of Yorktown,	
herein referred to as Yorktown, is for the purpose of obtaining professional assistance in the			
preparation of an American with Disa	abilities Act Self-Evaluatio	n and Transition Plan.	

By this Agreement the **County** and **Yorktown** agree to retain the services of Rundell Ernstberger Associates, LLC (hereinafter "REA") for the preparation of an Americans with Disabilities Act Self-Evaluation and Transition Plan. The **County** previously entered into an Agreement with REA for the assessment and evaluation of certain **County** facilities.

Yorktown desires to have its facilities assessed and evaluated by REA during the Americans with Disabilities Act Self-Evaluation and Transition Plan. **Yorktown** will be responsible for the cost of the assessment and evaluation of all **Yorktown** facilities.

As such, the **County** and **Yorktown** agree that an addendum to the Agreement between Delaware County Board of Commissioners, Delaware County, Indiana, and Rundell Ernstberger Associates, LLC will be created that adds the following **Yorktown** facilities to be included in the assessment and evaluation:

Yorktown Fire Department (8905 W. Smith St.)

Yorktown Town Hall (9800 W. Smith St.)

Yorktown Police/Court (9730 W. Smith St.)

Yorktown Field Operations Building (2400 S. Edith St.)

Yorktown Water Treatment Plant (2001 S. West St.)

The **County** and **Yorktown** further agree that the cost payable by **Yorktown** for such assessment and evaluation shall be \$13,600.00. **Yorktown** shall be eligible to receive 80% reimbursement of the \$13,600.00 from Federal Metropolitan Planning Funds.

Additionally, if REA is authorized by **Yorktown** to perform additional services on behalf of **Yorktown** or pertaining to the facilities in **Yorktown**, the cost of such additional services shall be the responsibility of **Yorktown**.

Purchase Radios for the Marshal's Department

In January we purchased 3 handheld radios to replace failing units. Todd is ready to replace the remaining handhelds because of failure and repair costs. He is waiting on the official written quote, but the cost will be \$28,061.70.

I recommend the purchase of the radios.

Pete Olson

Advertisement of Bids for Sports Park Drainage

BF&S is ready to advertise the project to install a storm sewer main at the sports park going north. This will mean that construction should be done in the 2013 construction season.

ADVERTISEMENT TO BID

SPORTS PARK DRAINAGE IMPROVEMENTS

TOWN OF YORKTOWN, INDIANA

Sealed proposals will be received by the Town of Yorktown, Owner, at the Field Operations Building, 2400 Russ Street, Yorktown, Indiana 47396, until 1:00 p.m. (local time), on April 11, 2013, and then will be publicly opened and read aloud. Any bids received later than the above time will be returned unopened.

DESCRIPTION OF WORK: Work for which proposals are to be received consists of the following:

Base Bid: project includes the installation of approximately 2,700 feet of 24-inch diameter storm sewer pipe, construction of 2,500 linear feet of pedestrian pathway, and all other required appurtenances.

BID DOCUMENTS: Copies of the Specifications and Contract Documents may be obtained at the office of Butler Fairman and Seufert, Inc. Copies of the documents are available for examining at the Town of Yorktown, F.W. Dodge Corporation, 8900 Keystone Crossing, Suite 540, Indianapolis, Indiana; BXIndiana Construction League, 1200 South Madison Avenue, Suite Lower Level 20, Indianapolis, Indiana; and the office of Butler Fairman and Seufert, Inc, 8450 Westfield Blvd., Suite 300, Indianapolis, Indiana 46240. Copies may be obtained at the office of the Engineer by remitting \$100 for each set. This remittance is not refundable. Payment shall be by money order or check and shall be made payable to Butler Fairman and Seufert, Inc.

Bids shall be properly and completely executed on Bid Forms and in the order as identified and contained in the Contract Documents obtainable from the offices as stated above. Each bid shall be accompanied by a completely filled out Form No. 96 (Revised 2010) and acceptable Bid Security. Any bid not accompanied by the above-required items shall be deemed to be a non-responsive bid.

No Bidder may withdraw his proposal within a period of 90 days following the date set for the receiving of bids. The Owner reserves the right to retain any and all bids for a period of not more than 90 days and said bid shall remain in full force and effect during said time. The Owner further reserves the right to waive informalities and to award the Contract to any Bidder all to the advantage of the Town of Yorktown or to reject all bids.

BID SECURITY: Each bid shall be accompanied by an acceptable certified check made payable to the Town of Yorktown or an acceptable bid bond in the amount equal to 10% of the total bid price executed by an incorporated surety company in good standing and qualified to do business in the State of Indiana and whose name appears on the current Treasury Department Circular 570.

BONDS: A Performance Bond and Payment Bond each in the amount of 100% of the Contract price will be required from the Contractor to whom the work is awarded.

INDIANA REQUIREMENTS: Standard Questionnaire Form 96 (Revised 2010), completely filled out and signed, including attachment of Contractor's Financial Statement as stipulated in Section III.

A pre-bid meeting will be held on April 4, 2013 at 1:00 p.m. EST at the Field Operations Building, 2400 Russ Street, Yorktown, Indiana 47396 Yorktown, Indiana.

Park 1 sewer extension

The force main system from Park 1 is performing well and we are nearing the close out of the project. Attached is a progress estimate and pay request that also reduces retainage due to the project nearing the end. It looks like the project will come in under budget between \$20,000 and \$30,000. We will have to wait for some of that to be recognized as there is a warranty period associated.

I would recommend the reduction in retainage and payment of the bill.

Pete Olson

RE: Park One - Progress Estimate No. 8

Attachments:

Progress Estimate No. 8 Park One 031413.pdf

Pete,

Attached is Progress Estimate No. 8 for the Park One project. Bowen sent us two progress applications this week. One was for pay items and the other was for reducing retainage. We have combined both pay applications into one Progress Estimate No. 8. Both of Bowen's pay applications are attached to the Progress Estimate No. 8.

Please proceed to process and make payment on Progress Estimate No. 8.

Regards,

Jeremy L. Books, P.E. Project Manager

COMMERCIAL CARD CLASSIC SINGLE-USE ACCOUNTS

FLOAT AND REBATE POTENTIAL COMBINED WITH SECURITY, ANTIFRAUD AND RECONCILIATION FEATURES

Single-Use Accounts (SUA) are a versatile electronic payment tool that eliminates the need for a physical card and is an ideal solution for large transactions that would traditionally be paid with a paper check. Unlike other commercial card products, SUA allow you to customize a single electronic card for each of your payments. It provides a 16-digit virtual account for each payment and lets you set the credit limit to the specific payment amount and the valid date range.

This one-to-one match of card accounts to payments gives you powerful security and antifraud control over your payment processing while automating the matching and reconciliation of transactions.

PAYMENT INNOVATION

SUA is an electronic payment tool that provides clients with the flexibility, float and rebate potential of a purchase card.

- Hosted, on-demand application
- 16-digit virtual commercial card account numbers
- MasterCard® -enabled and widely accepted by merchants at point-of-sale
- Transaction-specific authorization controls
- Automated matching of merchant transactions to client general ledger
- Generates potential rebate and complements your existing card program

SUA can be used at any time during the payment process - at the time of order, invoice or receipt of goods, and for procurement, invoice payments, travel purchases, and insurance and warranty claim payments. They can also be used as a stand-alone solution or in combination with a new or existing card program to maximize efficiency and rebate potential.

KEY/FEATURES AND BENEFITS

- KEY/FEATURES AND BENEFILD

 Process Sayings: Automate payments by eliminating paper based, manual activity.

 Enhanced Controls: Sed exact payment amount limits for adefine of time period.

 Coptimize Working Capital: Hold Cash longer by paying suppliers fasce.

 Increase Visibility: Capital: Hold Cash longer by paying suppliers fasce.

 Fraud Reduction: Eliminate the misks associated with paper checks.

 Financial Benefits: Leverage the potential so learning bate on financial returns.

Even though your suppliers are paid immediately, giving them shorter days sales outstanding, you do not have to settle immediately. This frees up your cash and improves your working capital by leveraging the accounts payable float. Additionally, like standard commercial cards, you still have the potential to earn rebates on dollar volume spent using SUA.

MEASURABLE RESULTS

SUA offers all the benefits of commercial card programs and removes the need for paper-based processing. As a result, some organizations have been able to reallocate personnel resources to negotiate better payment terms with core suppliers, implement cash management efficiencies or execute other strategic initiatives. SUA is key to any payment automation and working capital optimization. It helps reduce paper inefficiencies, monetizes spend, improves days payable outstanding and enhances both payment timing and control.

HOW IT WORKS

Simply assign a SUA number to an individual payment, or to an internal payables document (e.g., invoice or remittance). SUA also allows you to specify the supplier to be paid, the date range and the dollar amount for each account along with manager approval workflow.

The account credit limit is governed by the exact payment amount. Each account contains your operational and financial payment tracking information (e.g., payment ID or purchase order number). Your suppliers are notified by email when a payment has been initiated, prompting them to use SUA to receive payment.

Suppliers process SUA the same way they would any other credit card payment. Payment notification also contains necessary remittance information, helping suppliers complete their accounts receivable reconciliation.

The SUA system then automates the matching of cleared transactions to your payment tracking information, which makes it easier to reconcile which accounts have been used and how much you owe in your general ledger.

EXPERT IMPLEMENTATION

We make it easy for you to integrate with SUA. Our technical implementation team assists your organization through each phase of the integration process. Our supplier services team works with you to identify target suppliers for the program and contacts them on your behalf.

For more information, contact a Chase representative or visit chase.com/cb

FREQUENTLY ASKED QUESTION

How does my organization qualify for the State of Indiana Procurement and Travel Card Program? Any political subdivision or state educational institution in the State of Indiana is eligible to participate.

Are there annual cardholder fees?

There are no annual cardholder fees or enrollment fees assessed.

Are there minimum requirements to participate? Participating entitles need projected annual charge volume of \$100,000 and a minimum of ten (10) card accounts to participate.

Is online reporting available and what are the charges?

Smartdata.gen2TM (smartdata), MasterCard'sTM Web-based reporting and card administration tool is available at no charge to participants.

What billing and settlement options are available? Accounts are centrally billed and paid by each participating

Accounts are centrally billed and paid by each participating entity. Payment term options are 14 or 25 days after a 30-day billing cycle.

Do we have a choice of billing cycle dates?

Participating entities can choose a billing cycle date between the 4th and the 26th of the month.

What are my payment options?

The preferred method of payment is an ACH direct debit from any bank account. However, we can accommodate a participant initiated ACH or wire transfer.

Are there controls that can be placed on the cards?

Participants can choose from a wide variety of authorization controls ranging from the standard credit limit to merchant category code (MCC) restrictions, single transactions limits, velocity limits and more.

Can these cards be used for travel?

Yes. Participants may use cards for travel-related expenses.

Smartdata allows individuals to create expense reports and add out-of-pocket expenses such as mileage reimbursement so all travel related data is available from a single solution.

Can we have our logo or the words "tax-exempt" displayed on the cards?

Cards Include two lines of embossed data with up to 21 characters per line, one of which may display the words "tax exempt". Entities also have the option to include a graphic card design on their cards for a one-time upfront fee of \$350.

Will we have implementation support?

A dedicated implementation specialist will be assigned to program participants.

Do we need to issue an RFP?

Participation should eliminate the requirement to obtain competitive bids for procurement cards. There is no need to produce costly and time-consuming request for proposals.

Will we be eligible to earn rebates?

Because Chase and the State of Indiana have teamed up we are able to offer a very aggressive rebate schedule. Participants can qualify for a rebate with as little as \$100,000 in annual charge volume.

COMMERCIAL CARD CLASSIC

STREAMLINE PROCURE-TO-PAY PROCESSING WITH A SINGLE SOLUTION FOR PROCUREMENT AND TRAVEL EXPENSES

For many organizations, a card program is no longer optional. It's the payment tool of choice for all types of expenditures including business supplies, maintenance, repair, operational expenses and travel. And with more business-to-business buying occurring online, card programs have become a business necessity.

Commercial Card Classic is our real-time, Web-managed, "one card" program that provides the flexibility and convenience to manage procurement and travel expenses easier with versatile card controls, online transaction approval and data integration into your accounting system.

By shifting traditional purchasing processes to a card-based transaction and payment process, you reduce purchasing and payables workloads, minimize delivery cycles and improve supplier management throughout your organization. Count on Commercial Card Classic to take your purchasing process to the next level with:

- Measurable cost savings
- Customized cardholder controls
- Internet-based program management
- Dedicated program support

MEASURABLE COST SAVINGS

Industry research shows organizations employ multiple steps and numerous departments to process purchase orders, invoices and vendor payments. Purchasing card use is generating overall transaction cost savings of more than \$38 billion per year in North America, based on respondent reported administrative cost savings of 76% per transaction when compared to the traditional purchase-order driven acquisition process.1

KEY/FEATURES AND BENEFITS

- Preducercosts by minimizing paperwork, manual data entry, written checks reconciliation tasks
- mprove convenience with flexible linternet-based transaction reporting ntegration and real-time program management.
- Customize carcholder.controls with front-end purchasing restrictions that
- customizes arong dericontrol swith front-end purchasing restrictions that allow you to empowe cemployees without sacrificing control make advantage of dedicated program support from a team on specialists.

 Special control of the co
- executive cards

Commercial Card Classic can reduce these costs by replacing costly requisition, purchase order and reconciliation processes with intelligent card controls and reporting. You will streamline your operations by eliminating steps such as purchase order data entry and vendor set up. You will also drastically reduce check writing by consolidating all purchases into a single monthly payment.

With Commercial Card Classic, staff can concentrate more on core business initiatives rather than time-consuming procure-to-pay processes.

CUSTOMIZED CARDHOLDER CONTROLS

Extend purchasing authority to more employees in your organization without compromising control. Each card can be customized with restrictions based on:

- Single transaction limits
- Monthly spending limits
- Daily or monthly velocity limits
- Merchant category codes
- ATM access

Together, these controls help employees perform their jobs more effectively, but within the budget parameters and spending policies you establish. You can also apply these controls to create a special purpose card for specific expenses such as event planning, special projects or employee relocation.

REPORTING, DATA INTEGRATION AND PROGRAM MANAGEMENT

Commercial Card Classic's flexible administration tool, MasterCard smartdata.gen2™ (smartdata), simplifies reporting, data management and approvals for all card charges including out-of-pocket cash transactions such as cab fares.

 Expense Reporting - The optional functionality provides a workflow-based expense management and routing capability. The workflow and approval steps are defined by you, along with various parameters and settings, to help meet your expense approval needs.

'STATE OF INDIANARROGUREMENT AND TRAVEL CARD PROGRAM

Your administrator, manager and cardholders also receive daily transaction updates, line-item detail and gain other advantages:

- Comprehensive reports Multiple reports help you consolidate program management, policy compliance and vendor negotiation. You will review purchasing and spending more effectively across your entire organization with these and other valuable reports:
 - Card Program Analysis
 - Spend Analysis by Merchant
 - Cost Allocation Summary
 - Merchant Detail
 - Daily Transaction Summary
- General ledger transaction coding –
 General ledger (G/L) codes can be linked
 to a merchant category code, a specific
 merchant or card account. Our
 transaction coding allows you to
 automatically assign G/L codes to your
 transactions without manually entering
 every expense.
- Integrated transaction data Easily integrate card transaction information into your in-house accounting or ERP system without the need for manual data entry. Microsoft® Excel files can also be generated for custom data analysis by your finance, audit or managerial staff.
- Simplified program administration Use smartdata to make program management easier for your administrator, managers and cardholders through complete online transaction review and e-mail approval notification. Based on defined profiles, administration functions such as new card requests, address changes and spending limit adjustments are as close as your keyboard.

Unique IDs, passwords, 128-bit encryption and masked account numbers are just a few of the security controls that help ensure only authorized employees can access certain information.

DEDICATED PROGRAM SUPPORT

As one of the first and largest issuers of commercial card programs, our experienced team offers superior support at all levels of your organization. We provide dedicated assistance for implementation and daily program administration that is unmatched in the industry. We help ensure the success of each program with these support resources;

- Implementation support We designate an implementation specialist to work with your program administrator throughout program launch. You can expect your administrator to receive guidance in card best practices and helpful resources that allow you to leverage our industry experience such as a sample purchasing policy manual and cardholder agreements.
- Technical support Extensive smartdata training and program setup assistance are provided for your program administrator. Ongoing support for system functionality and data integration questions is also available through our knowledgeable help desk.
- Cardholder support You and your employees receive 24-hour-a-day, tolifree assistance for account-related questions such as balance inquiries and duplicate statement requests.
- Ongoing education Our regular Webbased seminars offer a convenient forum for advanced smartdata instruction, discussion of industry issues and additional program management training.

REBATE AND FEE INFORMATION

Chase will pay rebates on State of Indiana Procurement and Travel Card programs that have annual charge volume in excess of \$100,000. Rebates will be paid based on annual charge volume from April 1 to March 31 each year. Rebate percentages are based on the combined annual charge volume and average transaction size of all State of Indiana programs. Speed of pay incentives are earned by participants based on their choice of payment terms.

SMARTDATA

MANAGE YOUR COMMERCIAL CARD CLASSIC PROGRAM MORE EFFECTIVELY

MasterCard smartdata.gen2™ (smartdata), is a real-time, Web-based reporting application that delivers rich data that helps your organization seamlessly organize, consolidate and manage card and cash transaction data. This easy-to-use administration tool gives you several strategic advantages including the data needed to negotiate advantageous terms with vendors - all by simplifying transaction reporting, management and approvals throughout your organization.

In addition to providing comprehensive spending reports for all cardholders, smartdata accurately integrates transaction data into your company's accounting system. You'll have the capability to not only track card transactions automatically throughout your entire organization, but also deliver more information with greater control over who receives and reviews data.

DETAILED TRANSACTION DATA ON COMMAND

Smartdata helps you better manage and control spending by presenting some of the most extensive data available - everything from basic transaction details, such as merchant name, cardholder name, amount and date of purchase, to invoice-quality line item detail. Detailed transaction data* is presented on easy-to-read screens that Itemize information based on transaction types such as:

- Purchasing quantities, prices, tax amounts and discount rates
- Transportation travel dates, passenger names, city pairs and service
- Lodging dates of stay, room rates and restaurant charges

KEY FEATURES AND BENEFITS

- Easy setur requires only altrowser and interpret accessing a line of the second and the second accessing a line of the secon
- Supports diverse company expense management needs, from program administration to purchasing an advision.

- Allows multiple accounting schemes to be applied acrossyour cardholders.

 Allows multiple accounting schemes to be applied acrossyour cardholders.

 Allows multiple accounting schemes to be applied acrossyour cardholders.

 Allows multiple accounting activity including transaction information card surprise and specific accounting and surprise account manager and surprise account manager.
- Car rental models, rentals dates and fuel amounts

COMPREHENSIVE REPORTS WITH **VALUABLE INSIGHT**

Smartdata generates multiple standard reports that help you track how and where money is spent. The custom reporting feature allows users to tailor reporting to their individual needs. Timely and relevant information is presented onscreen or in a ready-to-print PDF format.

Reports can be generated anytime, anywhere, and as often as necessary. Create them immediately or schedule them to run automatically on a daily, weekly or monthly basis. Several of the key reports smartdata delivers include:

CARD PROGRAM ANALYSIS

- Account Activity Spending Alerts
- Daily Transaction Summary
- Cost Allocation Summary
- Line Item Detail
- Spend Analysis by Merchant

INNOVATIVE FEATURES

With smartdata, you will simplify the management and reporting of Commercial Card Classic transactions at all levels of your organization by utilizing the following functionality:

- New account and account maintenance requests - Administrative functions such as new card requests, address changes and spending limit adjustments are as close as your keyboard.
- General ledger transaction coding --General ledger (G/L) codes can be linked to the merchant category code table, a specific merchant or a card account. Transaction coding allows you to automatically assign G/L codes to each transaction.
- Split transactions and manual overrides - Assigned G/L codes can be overridden and transactions can be split among multiple cost centers for accounting or tracking purposes.
