5/12/2014

To create more of a presence along the I69 corridor at exit 241, the Town has gotten approval from INDOT to place landscaping and signage to denote Yorktown at this exit. We cut down trees prior to the end of April to meet the deadline imposed by the Indiana Brown Bat.

We are now prepared to move forward with getting quotes for the landscape work. Attached is a draft mockup of what I am proposing the exit look like. We will engage multiple landscaping firms to give us pricing to move forward. The expectation is that there will be between \$65,000 and \$90,000 worth of work that needs to be done.

At this time I'm looking for continued support of this project, and replacing the gateway sign at CR600 as a priority.

On a side note, we have begun installing the bases for the way finding signs to be installed and will be doing so as soon as we have them.
