Water Well Bids

As you recall last month we approved obtaining bids for the construction of Water Well number 4, and while there was some discouraging news of only having one bidder, the positive side is that bid was significantly lower than the engineer's costs, and that the responding company has a track record of successful projects similar to the water well project. MK Betts was the responding bidder:

Base Bid

M.K. Betts \$674,900

Engineer's Estimate \$775,000

Alternate Bid No. 1 (Diesel Backup Generator)

M.K. Betts \$81,600

Engineer's Estimate \$110,000

Pete Olson
