Resolution 2014-10

Acquisition of Land for Trails and Facilities

As part of the process in construction of trails and facilities the town may need to acquire land against the current property owners wishes. In reference to these projects it may be that the town needs to start the proceedings of eminent domain and yet continue negotiations. BF&S has encouraged us start the process so that our federally funded projects stay on schedule. This resolution will allow legal counsel and the town manager to work through that process.
