### **Acquisition of Property for Tiger Drive Bridge**

Due to the expansion of the Tiger Drive Bridge, the county needs to obtain additional Right of Way (ROW) from the Town and specifically in Morrow's Meadow. The county due to federal dollars being utilized must go through the same procedure of procuring land from other local governments as is used when obtaining land from private citizens. In this case the County has appraised and made an offer to the Town in the amount of \$2,800 for the ROW needed, although after construction the land will have new trail improvements and can still be utilized for park activities.

The Town is a partner on this project and helping to fund the construction of the bridge. The Town has the option of donating the land to help keep the cost of the project lower, which is a benefit to our taxpayers. I'm recommending that the council donate the Right of Way, and that you sign the documents to return so that the bridge can stay on schedule.
