Resolution 2020 – 24

At the end of each fiscal year the DLGF allows for funds to be encumbered for the next budget year. This helps alleviate problem that occurs when equipment has been ordered in one budget year but won't arrive nor be billed until the following budget year. Chief Boone has ordered a number of pieces of equipment that will not arrive until January and instead of having that count against his budget in 2021 he would like to utilize the remaining funds that he has in this years budget.

Mr. Turner has worked with Chief Boone to make sure that the necessary paperwork for encumbrance is obtained and this resolution will allow the fire department to utilize their budgets in a fiscally prudent way. I recommend approval of the resolution.
