Marshal Vehicle

On 3-15-21 The Town Board approved the bid for a new truck submitted by Sam Pierce Chevrolet (Bobby Thatch Salesman) from 2-17-21.

On 3-16-21 I sent Mr. Thatch a message advising him to order the Chevy Colorado, that his bid was accepted by the board.

On this same day Mr. Thatch called me and advised that the price was going to be $300.00 more because he had left out the cost of the running boards from the price. I advised him not to add that to the cost because anything over the agreed bid would have to go back in front of the board. I stated to order the truck without those and I would possibly have those put on at a later date.

On 3-17-21 Mr. Thatch called me again and stated he forgot to add an additional cost of $1,500 to the price of the truck. This was a “shipping fee”. I told Mr. Thatch that would not be acceptable. I would need a new quote and that it would need to go in front of the board. I also told Mr. Thatch not to proceed any further until that is completed.

I have contacted our Ford dealer who we have purchased our Explorers from. He is going to get me a quote for a Ford Ranger which is comparable in size to the Colorado.

On 4-14, I am attaching a copy of the Ford Ranger quote and the new quote from Chevy.

I am requesting that the Board disregard (or however you want to put it) the quote last month regarding the purchase of the Chevy.

I am also asking that the Board accept the quote for the Ford Ranger.

I have attached both quotes. This is the same dealership with buy our Explorers from.

Thanks
Todd
