Replacement Vehicle Street Superintendent

The black jeep that Tim currently utilizes is showing its age (1994). I've asked Fred and Tim to keep a look out for a decent small truck to replace that with and they've found a 2015 GMC with approximately 50,000 miles on it for \$30,800 from Stoops. Tim and Fred have both looked over the vehicle and believe it is in good shape and that it would perform well as a replacement vehicle for Tim.

The alternative would be to try and order a vehicle but the wait time is in excess of 6 months. I am recommending that the council approve the purchase of the used pickup. Funds will be split evenly from the street, park, and sewer departments.
