Additional Appropriations

Similar to the Additional Appropriations we did for the Trustee Duties a few months ago, we are moving some additional funds into the Local Road and Street (LRS) to cover some additional costs of the crack sealing and other maintenance associated with the roads. We have plenty of money in the LRS fund and all funds that will be expended from this are in association with projects maintaining our streets or working on design of additional improvements.

I would recommend the council approve the additional appropriation so we may submit the paper work to the Department of Local Government Finance (DLGF).

Pete Olson
Town Manager
