Resolution 2019-04

As discussed in January, due to the failure to advertise a tax rate for the fire department for the fiscal year of 2016, measures to provide an expendable budget for the fire department in 2019 must be taken. In January the council approved the transfer of dollars from other funds into the rainy day fund in anticipation that an additional appropriation would be approved in February.

Clerk Treasurer Turner has properly advertised the additional appropriation Public Hearing. The fund transfers have been made, which makes this approval of the resolution the last step in appropriating money to make up for the cleric mistake made in 2016. If the council so chooses to pass resolution 2019-4 after the public hear, the fire department expenditure will be made from the rainy day fund through June of 2019.
