### Bids for Demolition of Structures and Removal of Underground Tanks

Mr. Ray has been working on soliciting quotes for demolition of structures along Canal and Vine Streets. He has received two bids and we are awaiting a 3<sup>rd</sup> from the current contractor working along Canal Street. I will make a final recommendation on Monday regarding the low bid and ability to perform the work, I have attached the document provided by Mr. Ray on who has provided a bid.

In addition we are awaiting a second bid on removal of the underground tanks associated with the old gas station at 9400 W Smith. I will make a recommendation on an environmental company at Monday's meeting.

Both expenses are reimbursable by the Civic Green Bond.

Submitted,  
Pete Olson
