Special Claim for Smock Fansler

As part of the final design of the sensory plaza area, the town recently selected Smock Fansler to install the sensory plaza part of civic green. This includes the water features, sitting areas, and other interactive components. Mr. Burke, Mr. Myrick and Mr. Brooks were kind enough to spend a day reviewing proposals and interviewing firms for this final piece. As part of the fee, Smock Fansler has requested dollars associated with design and coordination with BF&S/Contect for this area. I'm attaching his invoice for the first phase of this process which is a cost absorbed in the layout for the sensory area and reimbursable by the Civic Green Bond.

I would recommend the approval of the special claim.

Pete
