### **Digester Lid Removal**

In 2013 one of the digester lids at the Waste Water Treatment Plant needed to be removed due to a leak which prevented the unit from storing waste appropriately. In December the Digester Lid on the 2<sup>nd</sup> unit developed a failure. Due to Theineman preparing for our project we asked them to provide a price to remove the digester lid such that it may be inspected and a plan formulated for repair.

Attached is the Theineman price for removal. I would recommend that council approve the removal.

Pete Olson  
Town Manager
