Purchase of new skid steer unit

Tim Caldwell has been working on replacing our current skid steer tractor unit, which is used for trail sweeping, snow removal, earth work and other general activities. Our current unit is 15 years old and has needed additional work each year. Tim obtained 3 quotes from Bobcat, Caterpillar and John Deere dealers, and is requesting to purchase the Bobcat unit. Funds would be available from the Sewer, Water, Street, and Park Funds to make the expenditures. I recommend the approval of the Bobcat unit.
