Service	EdgeMarc 2900E C2E - Rental An EdgeMarc appliance bridges the gap between an enterprise's network and the Level365 UC network. In this pivotal position, the EdgeMarc and EdgeView can enhance both the quality and security of a conversation. The EdgeMarc 2900 can add encryption (SRTP/ TLS) to a call, even if the device in the premises doesn't support it – including legacy PBXs and contact centers. The EdgeMarc also has a powerful ability to seamlessly switch live calls between WAN links if a failure is detected. Live calls will be instantly re-routed on to the secondary WAN link – they stay connected. Purchase Price \$300	1	\$0.00	\$0.00
