

## **PROPOSAL**

### **Issue:**

The fire department's 2000 KME pumper was damaged last winter. Insurance has paid out and the truck is not repairable. We will save the insurance proceeds to use on a replacement which was already on order.

### **Proposal:**

We will auction off the wrecked pumper, but it first must be declared to be surplus by the Town Council. Surplus Resolution 2024-07 is attached.
