Chief of Police
Kurt Walthour

Town Manager and Town Council Members,

I am requesting approval for the purchase of three radar units for our police vehicles. I have attached a quote from MPH Industries detailing the cost and specifications of the radar units.

As noted in the quote, total cost for 3 Units for three units is \$7764. To support this purchase, I am pleased to inform you that the Police Department has been awarded a grant of \$2,500 from the Delaware County Coordinating Council. This grant is specifically earmarked to assist in funding the radar units.

The radar units are essential tools that will enhance our officers' ability to enforce speed limits and ensure public safety on our roads. They will also contribute to our ongoing efforts to improve traffic management within our community.

We kindly request the Town Council's approval to allocate the necessary funds to supplement the grant and complete the purchase of the radar units. The total amount needed after applying the grant will be \$5264. We believe this investment will have a positive impact on our ability to serve and protect the residents of Yorktown.
