

## **PROPOSAL**

### **Issue:**

We are extending our water main along CR 600 north of West Jackson Street to service new proposed construction. The project will include approximately 1500 feet of 12" diameter watermain and will cross under the railroad.

### **Proposal:**

BF&S has submitted the following quote for engineering services which includes utility coordination, design, survey, and construction oversight and inspection.

### **Cost:**

\$42,000 (not to exceed)

*Cost to be paid from Water Contract Engineering 6101001362*
