

PROPOSAL

Issue:

Our Wastewater Superintendent, Alan Neff, has taken a leave of absence and George Kane has been acting as Interim Wastewater Superintendent since the beginning of 2023.

Proposal:

We would like to appoint George Kane as the Wastewater Superintendent effective June 22 for the remainder of 2023. George has been employed by the Town since 1991 as a Wastewater Operator and holds the necessary Class III Sewage Treatment Operator license. He has done a fine job as the Interim Superintendent.
