

PROPOSAL

Issue:

An area along W. Jackson Street in Cammack continually experiences flooding problems and may require drainage improvements.

Proposal:

BF&S has submitted a proposal to prepare a Study Report to identify drainage issues and potential solutions with cost estimates and schematics.

Cost:

Not to exceed \$24,425.00

Cost to be paid from Sewer Professional Services 6201001338

Chase will be presenting a request to the Delaware County Redevelopment Commission on 9/19/24 for reimbursement of this expense.
