Updated of Inter-local Agreement with Delaware County for Road Maintenance

When the Town Consolidated in 2011, an inter-local agreement between the County and the Town was executed explaining responsibility of road maintenance and receipt of funding to each of those units based upon the areas of responsibility. That agreement is set to expire at the end of 2018 which requires the county and town to execute a new agreement. Attached is a new agreement which mimics the old agreement laying out areas of responsibility. There is a provision for growth from the rural area to the town, so that changes of responsibility can be made during the agreement period without needing a new agreement. The agreement is for a four year term and will automatically renew at the end of four year unless the town or county wants to renegotiate the terms.

I would recommend approving the inter-local agreement.

Pete
