2022 July 4th Fireworks:

Attached is a letter from Tim Smith, who has done our fireworks show the last number of years. Tim indicated to me that due to shipping issues world wide and manufacturing issues in the US, that he was going to have a difficult time repeating the fireworks display at the same cost as he provided last year.

Tim has indicated that he will be able to perform the display but the cost increase will go from \$16,000 to \$22,000. This is an increase in the amount that was budgeted for the production.

I believe that I can find some additional dollars in the park fund to make this occur, but before giving Tim the go ahead I wanted to check with the council to make sure that they were willing to give approval to that expenditure.

Pete Olson
