Vehicle for Zoning Commissioner/Building Inspector

The 2007 truck that our zoning commissioner utilizes to perform the necessary building inspections and other job functions has started to show its age. Recently the truck has had transmission issues, steering issues and is now without air conditioning. Due to the nature of vehicles, I'm recommending that the Town Place an order for a new truck. I've attached two quotes for a Chevrolet Colorado, and am recommending the low bid.

Pete Olson
Town Manager
