

STORM DRAIN REPAIR PROPOSAL FIELD OPERATIONS BUILDING

Issue:

The storm drain at the Field Operations Building has had a tile collapse. In order to repair, new pipe will need to be installed and the existing ditch will need to be filled in.

Proposal:

Watson's Excavating has submitted a proposal to install 120' of dual wall plastic pipe along with all stone and dirt needed for the project.

Cost:

\$6,480.00

Cost to be paid from Sewer Department.
