

PROPOSAL

Issue:

Replacement valves are needed for the splash pad at Civic Green. One has already failed and the WWTP staff believes the others are not far behind.

Proposal:

Twelve ASCA valves have been ordered from Warner Supply. These are specialty parts.

Cost:

\$9,489.38

Cost to be paid from Park – Repair & Maintenance Supplies

We still have READI 1.0 funds for downtown development still available from the state to cover the cost. We have submitted an invoice to the East Central Indiana Regional Partnership for reimbursement.
