Resolution 2020-18/Ordinance 803

Mr. Turner has been working on submitting expenses associated with the current health pandemic for reimbursement from the previously passed federal CARES act. This resolution allows him to submit the appropriate claims and establishes the procedure for how the funds will flow into and out of the appropriate municipal funds.

Many of these reimbursement requests are for individuals who have been off due to "Covid 19" or contact tracing associated with being in close proximity to an individual with "Covid 19". The current federal act allows for reimbursement through the end of 2020 which will allow Mr. Turner to submit for any additional claims in the next few months.
