### **ARP Spending Plan**

Earlier in 2021 we adopted an ordinance that allowed for the expenditure of American Recovery Plan funds from the federal government. In that plan, we identified possible programs that fit into the appropriate rules of the plan. As we start to formulate the uses, we will be updating the plan with resolutions that identify specific dollar amounts for the various program plans.

The first identified is allocation of funds into the community assistance program. This resolution identifies expenditure amounts for those funds for the next 3 years.
