### **Sewer/Water Extension NW Corner of SR 332 and I69**

Late last year I informed the council that the County Commissioners asked to partner with the town in the use of the Counties ARPA funds for sewer and water extensions to the North East Corner of State Route 332 and Interstate 69. We solicited proposal under the Build Operate Transfer statute to identify and select a team to work on that project.

Alan Neff, George Kane and Dan Flanagan served as a selection committee and interviewed the two responding firms last week. They Identified the Genesis Municipal Development, which includes GM Development, Veridus, Theineman and Wessler Engineering.
