Ordinance 769 – Park Fees

The State Board of Accounts has requested that we clarify our previous park board rate ordinance for pavilion and park rentals. The practice has been that the Park Board has established a rate under the maximum rate that the council approved a number of years ago and prior to changing the rate the park board would notify the council. This ordinance helps clarify that the council will adopt the recommendation annually of the park board.

The park board has not changed rates for the last few years and is not recommending a rate change at this time. I've attached the current rental rates, which I'd recommend the council adopt in addition to the ordinance.
