OLD BUSINESS:

Veterans' Car Show

Duff Crisp, 40 & 8 of Delaware County asked permission to use Morrow's Meadow for their annual car show to be held on Sunday, July 26, 2020 from 11:00 am – 3:00 pm. Food and drinks will be available for purchase. No alcohol is allowed. The proceeds from the show are donated to veterans and child welfare. Duff distributed flyers and asked the Town's assistance in advertising the event.

NEW BUSINESS:

American Legion Bridge Painting

The American Legion post has requested permission from the Town to repaint the footbridge behind Pizza King that connects to their property. They submitted an artist's rendering of the design. Pete Olson would like the Park Board to consider the proposal. After discussion the members stated that as long as the appropriate paint is used and the American Legion members will maintain it, that it would be an asset to downtown. They don't want chipping and the old green paint showing through.

Greg Holzer made a motion to allow the American Legion to repaint the bridge with the design submitted. Second by Laura Jaromin. All members present voted Aye.

Pickleball Court

Jon Myrick has been contacted by local Pickleball enthusiasts who would like the Town to build a Pickleball court in one of the parks. They play in the large pavilion at Morrow's Meadow, but because there are community events and the pavilion is frequently rented, they are not getting to play as often as they would like to.

Easter Egg Hunt

We have had no response from Jeff Gant as to whether he will be sponsoring and running the annual Easter Egg Hunt this year. Jon Myrick stated he would reach out again to try to get an answer. The date is blocked off on the park calendar.

Pavilion Rental Fee Waivers

- Library Summer Reading Program 6/30/20 and 7/8/20.
- Heroes Sunday (YCON) 7/19/20.

Laura Jaromin moved to approve both fee waivers. Second by Greg Holzer. All members present voted Aye.

Other Items

Jon Myrick stated that the new walking trail along River Road in front of the Rosenthal property is frequently flooded. He would like the Town to look into some sort of drainage or bridge in that area. The trail does no good if it is under four inches of water and is unusable.

Meeting adjourned at 6:15 pm.

The next meeting will be March 11, 2020 at 5:30 pm.
