

PROPOSAL

Issue:

An area in Westbrook has had a ditch stormwater pipe breakdown which is causing standing water issues for the neighborhood. The existing pipe no longer reaches the creek, which is the source of the problem.

Proposal:

Street Superintendent, Brady Patterson, solicited the following quote from Delaware Construction Landscape Inc. to install pipe, backfill, grade, and rip-rap discharge at the creek bank. The Town will provide the pipe.

Cost:

\$16,335.00

Cost to be paid from ARPA Wastewater Infrastructure
