

## **PROPOSAL**

### **Issue:**

We added another lift station at 332 and I69 and do not have a spare pump for this station. The Wastewater Treatment Plant would like a spare on hand for this station like we do for the other lift stations in our system.

### **Proposal:**

American Pump Repair & Service has submitted the following quote.

### **Cost:**

\$7,242.00

*Cost to be paid from ARPA*
